Board of County Commissioners
Re: New software purchase

January 19, 2023

I briefed the Board of County Commissioners on software by a company named Monsido, a subsidiary of Civic Plus. This software aims to ensure our web pages are kept up to date regarding ADA standards and allow us an easy way to audit, correct, and ensure we do not have web pages that are barriers to those who require accessibility.

I have had two separate meetings with Monsido and a representative of Central Services/GCTS. We agree this tool would be helpful in the administration and maintenance of our web pages for ADA accessibility and more.

Central Services is requesting permission to purchase this software and to perform a ~~budget extension~~ from current expense for the initial purchase. The yearly cost of this software is \$9,324.00 but prorated this year at \$6,993.00. In future years this cost will be added to the GCTS 3506 budget line for annual software maintenance.

Once implemented, Central Services will ensure all departments that maintain web pages are informed of this software and trained in its use so they may also ensure their web pages are correctly maintained. This budget Extension will total \$6,993.00.

Expense:001.123.00.0000.518304101
Rev: 001.000.00.0000.308000000

Respectfully submitted,

Tom Gaines
